Plant to Treat Tintic Ores.

PROVO NAMED AS LOCATION

#### Dr. Franklin's New Company Will Spend \$100,000 in Smelter and Development Work.

It was reported on good authority today that the Boston-Yankee Consolisession and with prices generally very dated, Dr. Franklin's, new company considerably in advance of the ruling will expend a million dollars . the erection of a finely equipped smelter Daly-West was again the feature and and in the development of the Yanduring this week the stock has ad- kee the Old Colony and Eureka and vanced \$5.80 a share, increasing the other Tintic properties. The new plant market value of the property, \$1,044,000. | the "News" informant stated, will and will be commenced as soon after Dr. Franklin's return from the east as

> It is a well known fact that the Yankee Con, has been paying almost prohibitive railroad and smelting charges ever since shipments were commenced and the proposition to erect a smelter of its own has been cherished by Dr. Franklin for some time. However the financiering such an undertaking was not accomplished until the Maine company was organized. On the 19th of this month at a special meeting of the stockholders the proposition will be presented and action taken thereon. The new company succeeding the old one with more than a million dollars in its treasury, will be in a posi ion to absorb some other interests controlled by Dr. Franklin, and also to erect a

smelter besides further developing the

Some weeks ago a thorough report of the Yankee was made by James W. Neill, the mining expert, presumably for the purpose of securing admittance on the Boston exchange of Yankes Con. stock. It is not unlikely that that report also suggested a plan for the further systematic development of the property and perhaps included reports on several groups in the district which contain pyritic ores,

BINGHAM. Besides the usual shipments of cop-

per ore amounting to 800 or 900 tons to the Highland Boy and Bingham smelters, the following companies had ore on the local market this week:

Neptune .... ... ... Ben Butler ..... ... .... Phoenix .... Highland Boy Con.... Tiewaukee (leasers) ....... United States (leasers) ...... 

The roads were especially bad in the several Tintie camps this week, however 54 cars of ore were forwarded to market. Because the railroads will not reduce freight charges the South Swansea has suspended shipments of

its iron ores.

The following cars of ore were forwarded from the district: ORE.

Local stocks have been somewhat oulet during the week, most of the transactions recorded by brokers hav-ing been in Z. C. M. I., Descret Sav-ings, and Greeley Sugar stock; of the latter Broker Cutler reports 150 shares hought from eastern parties for local Home Fire and State Bank have been sought after, but brokers say that both are practically unobtainable. Consolidated Wagon, which is expected to pay its first dividend next month, stands at \$101.75. Only the likelihood of an issue of treasury stock in the near future at par, keeps this stock from searing, as it is one of the very few 7 per cent investments left in the market. # **GOOD NEWS IN BUSINESS WORLD**

It Predominates Notwithstanding Some Drawbacks.

THE CONFLICT OVER WAGES

turing Exceptionally Active-Re

tall Distribution Hindered.

New York, April 11.-R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say: "Good news predomininates in the business world notwithstanding two somewhat serious drawbacks. Weather conditions have been unsatisfactory at many points, retarding retail distribution and delaying outdoor work, while excessive rains have put many southern planters behind with work in the cotton fields. Still more of

a handicap is the strife between wageearners and employers. "Manufacturing is exceptionally active in lines not disturbed by strikes and there is a vigorous movement of goods through regular channels. Not only pig iron but bars, billets and structural shapes are all sold so far ahead that new business is comparatively light, although consumers would quickly absorb any early deliveries that might be offered. It is the exception when order

books are not filled for full capacity well toward the end of 1902. "Wheat moved within narrow limits. Western receipts for the week were 1,-722,542 bushels, against 2,969,042 bushels a year ago, and the total for the crop year is gradually falling back to last year's figures. Lower prices stimulated exports for a time, but shipments wheat and flour from all ports of the United States during the only 3,849,670 bushels, against 4,976,810

bushels last year. "Failures for the week numbered 198 in the United Statets, against 203 last year, and 14 in Canada, against 24 last
